[AB 263](#) (Rodriguez D) Emergency medical services workers: rights and working conditions.

Last Amend: 6/21/2017

Status: 9/1/2017-From committee: Do pass and re-refer to Com. on RLS. (Ayes 9. Noes 1.) (September 1). Re-referred to Com. on RLS.

Location: 9/1/2017-S. RLS.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, governs local emergency medical service systems and plans and establishes the Emergency Medical Services Authority, which is responsible for the coordination and integration of all state activities concerning emergency medical services. Existing law provides that emergency medical personnel have specified due process rights when they are subject to suspension or termination for disciplinary cause or reason, as defined. This bill would require an employer that provides emergency medical services as part of an emergency medical services system or plan to authorize and permit its employees engaged in prehospital emergency services to take prescribed rest periods, including specifying grounds for interruption of a rest period and compensation for an interrupted rest period. The bill also would require the employer to provide these employees with prescribed meal periods, including specifying grounds for interruption of a meal period and compensation for an interrupted meal period. The bill would authorize an employer to require during rest and meal periods that employees monitor pagers, radios, station alert boxes, intercoms, cellular telephones, or other communication methods to provide for the public health and welfare. This bill contains other related provisions and other existing laws.

Last Amend: 7/5/2017

Status: 9/1/2017-Failed Deadline pursuant to Rule 61(a)(12). (Last location was APPR. SUSPENSE FILE on 8/21/2017)(May be acted upon Jan 2018)

Location: 9/1/2017-S. 2 YEAR

Desk	Policy	Fiscal	Floor	Desk	Policy	2 year	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: (1) Existing law requires a health facility that maintains and operates an emergency department to provide emergency services and care to any person requesting the services or care for any condition in which the person is in danger of loss of life, or serious injury or illness, as specified. If a licensed health facility does not maintain an emergency department, its employees are nevertheless required to exercise reasonable care to determine whether an emergency exists and to direct the person seeking emergency care to a nearby facility that can render the needed services, as specified. Existing law makes a violation of these provisions a crime. This bill would specify that a psychiatric unit within a general acute care hospital, a psychiatric health facility, or an acute psychiatric hospital, excluding certain state hospitals, regardless of whether it operates an emergency department, is required to provide emergency services and care to treat a person with a psychiatric emergency medical condition who has been accepted by the facility, as specified, if the facility has appropriate facilities and qualified personnel. The bill would make conforming changes to related provisions. The bill would also prohibit a general acute care hospital or an acute psychiatric hospital, as a condition to accepting a transfer of a patient from another health facility, from requiring that the patient be in custody as a result of a mental health disorder causing him or her to be a danger to others or himself or herself, or is gravely disabled. By expanding these duties, this bill would expand the scope of a crime, thereby imposing a state-mandated local program. This bill contains other related provisions and other existing laws.

[AB 697](#) (Fong R) Tolls: exemption for privately owned emergency ambulances.

Last Amend: 6/12/2017

Status: 9/16/2017-Ordered to inactive file at the request of Senator McGuire.

Location: 9/16/2017-S. INACTIVE FILE

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law provides for the exemption of authorized emergency vehicles, as defined, from the payment of a toll or charge on a vehicular crossing, toll highway, or high-occupancy toll (HOT) lane and any related fines, when the authorized emergency vehicle is being driven under specified conditions, including, among others, the vehicle is displaying public agency identification and driven while responding to or returning from an urgent or emergency call. Existing law provides procedures for an operator of a toll facility and a public agency to resolve certain disputes relating to the nonpayment of tolls. Existing law allows for agreements between the owner or operator of a toll facility and a local emergency service provider that establish terms for the use of the toll facility by the emergency service provider. Existing law prohibits a person from operating a privately owned emergency ambulance unless licensed by the Department of the California Highway Patrol. This bill would generally modify the exemption to apply to the use of a toll facility, as defined, and would expand the exemption, dispute resolution procedures, and agreement provisions to include a privately owned emergency ambulance licensed by the Department of the California Highway Patrol. The bill would also make technical changes to these provisions.

Desk	Policy	Fiscal	Floor	Desk	Policy	2 year	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law provides for the regulation of private swimming pools. Existing law also provides for the regulation of public swimming pools by the State Department of Public Health. Existing law requires the provision of lifeguard services at any public swimming pool that is of wholly artificial construction and for the use of which a direct fee, as defined, is imposed. A violation of those provisions is a crime. This bill would require those public swimming pools, as defined, that are required to provide lifeguard services and that charge a direct fee to additionally provide an Automated External Defibrillator (AED) during pool operations. Because the failure to comply with these provisions would be a crime, the bill would create a state-mandated local program. The bill would also require the State Department of Education, in consultation with the State Department of Public Health, to issue best practices guidelines related to pool safety at K-12 schools. This bill contains other existing laws.

Location: 9/11/2017-S. INACTIVE FILE

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Under existing law, the California Emergency Services Act, the Governor is authorized to proclaim a state of emergency, as defined, under specified circumstances. The California Emergency Services Act also authorizes the governing body of a city, county, city and county, or an official designated by ordinance adopted by that governing body, to proclaim a local emergency, as defined. This bill would create the Peer Support and Crisis Referral Services Act. The bill would, for purposes of the act, define a "peer support team" as a local critical incident response team composed of individuals from emergency services professions, emergency medical services, hospital staff, clergy, and educators who have completed a peer support training course developed by the Office of Emergency Services, the California Firefighter Joint Apprenticeship Committee, or the Commission on Correctional Peace Officer Standards and Training, as specified. The bill would provide that a communication made by emergency service personnel to a peer support team member while the emergency service personnel receives peer support services, as defined, is confidential and shall not be disclosed in a civil or administrative proceeding, except as specified. The bill would also provide that, except for an action for medical malpractice, a peer support team or a peer support team member providing peer support services is not liable for damages, as specified, relating to the team's or team member's act, error, or omission in performing peer support services, unless the act, error, or omission

constitutes gross negligence or intentional misconduct. The bill would provide that a communication made by emergency service personnel to a crisis hotline or crisis referral service, as defined, is confidential and shall not be disclosed in a civil or administrative proceeding, except as specified. This bill contains other related provisions and other existing laws.

Location: 2/5/2018-S. HEALTH

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Under existing law, the State Department of Public Health licenses and regulates health facilities, defined to include, among others, acute psychiatric hospitals. A violation of these provisions is a crime. This bill would require the State Department of Public Health to develop and submit a proposal to solicit a grant under the federal 21st Century Cures Act to develop a real-time, Internet-based database to collect, aggregate, and display information about beds in inpatient psychiatric facilities, crisis stabilization units, residential community mental health facilities, and licensed residential substance use disorder treatment facilities. The bill would require a database created using grant funds received as a result of the submission of that proposal to have the capacity to collect data and enable a specified search to identify beds that are appropriate for the treatment of individuals and to include specified information, including, among other things, the contact information for the facility's designated employee and information on beds. The bill would require the department to confer with stakeholders to inform the development of the proposal and to submit an evaluation to the federal Health and Human Services Secretary and to the Legislature. This bill contains other existing laws.

AB 1250 (Jones-Sawyer D) Counties: contracts for personal services.

Last Amend: 9/5/2017

Status: 9/5/2017-Read second time and amended. Re-referred to Com. on RLS.

Location: 9/5/2017-S. RLS.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law authorizes the board of supervisors of a county to contract for special services on behalf of various public entities with persons who are specially trained, experienced, expert, and competent to perform the special services, as prescribed. These services include financial, economic, accounting, engineering, legal, and other specified services. This bill would establish specific standards for the use of personal services contracts by counties. The bill would allow a county or county agency to contract for personal services currently or customarily performed by employees, as applicable, when specified conditions are met. Among other things, the bill would require the county to clearly demonstrate that the proposed contract will result in actual overall costs savings to the county and also to show that the contract does not cause the displacement of county workers. The bill would exempt certain types of contracts from its provisions, and would exempt a city and county from its provisions. By placing new duties on local government agencies, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

AB 1372 (Levine D) Crisis stabilization units: psychiatric patients.

Last Amend: 6/13/2017

Status: 9/6/2017-Ordered to inactive file at the request of Senator Newman.

Location: 9/6/2017-S. INACTIVE FILE

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law provides for the Medi-Cal program, which is administered by the State

Department of Health Care Services, under which qualified low-income individuals receive health care services. The Medi-Cal program is, in part, governed and funded by federal Medicaid program provisions. Under existing law, the department and counties provide specialty mental health services for Medi-Cal beneficiaries through mental health managed care plans, as specified. Under existing law, these services may include crisis stabilization services and inpatient psychiatric care. This bill would authorize a certified crisis stabilization unit designated by a mental health managed care plan, at the discretion of the mental health managed care plan, to provide medically necessary crisis stabilization services to individuals beyond the service time of 24 hours in those cases in which the individual needs inpatient psychiatric care or outpatient care and inpatient psychiatric beds or outpatient services are not reasonably available. The bill would require a person who is placed under, or who is already under, a 72-hour involuntary hold because, based on probable cause, the person, as a result of a mental disorder, is a danger to others, or to himself or herself, or is gravely disabled, to be credited for the time detained at a certified crisis stabilization unit. The bill would require the department to amend its contract with a mental health plan to include a provision authorizing the provision of crisis stabilization services for more than 24 hours if the mental health plan elects to provide crisis stabilization services under these provisions. The bill would require the department to require these mental health plans to establish treatment protocols, documentation standards, and administrative procedures, consistent with best practices and other evidence-based medicine, to be followed by a certified crisis stabilization unit for appropriate treatment to individuals who are provided crisis stabilization services for more than 24 hours. The bill would require the department to seek any state plan amendments or waivers, or amendments to existing waivers, that are necessary to implement these provisions.

AB 1603 (Ridley-Thomas D) Meyers-Milias-Brown Act: local public agencies.

Last Amend: 8/24/2017

Status: 9/16/2017-Ordered to inactive file at the request of Senator McGuire.

Location: 9/16/2017-S. INACTIVE FILE

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Under the Meyers-Milias-Brown Act (MMBA), employees of local public agencies have the right to form, join, and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations. The MMBA authorizes a local public agency to adopt reasonable rules and regulations after consultation in good faith with representatives of a recognized employee organization or organizations for the administration of employer-employee relations under the act. The Public Employment Relations Board (PERB) has jurisdiction over certain disputes arising pursuant to the MMBA. The MMBA defines "public employee" to mean any person employed by a public agency, in addition to other specified employees. The MMBA rules and regulations may include exclusive recognition of employee organizations formally recognized pursuant to a vote of the employees of the agency or an appropriate unit thereof, subject to the right of an employee to represent himself or herself. This bill would revise the definition of "public employee" for the purpose of the act to also include persons jointly employed by a public agency and any other employer at specified clinics and hospitals. The bill instead would specify that those rules and regulations may provide for exclusive recognition of employee organizations formally recognized pursuant to a vote of the employees of the agency or an appropriate unit thereof, subject to the employee's right to represent himself or herself, and provided that determination of an otherwise appropriate unit of, or including, these jointly employed public employees is not contingent upon, and does not otherwise require the agency or joint employer's consent. This bill contains other related provisions and other existing laws.

AB 1747 (Rodriguez D) School safety plans.

Status: 1/16/2018-Referred to Com. on ED.

Location: 1/16/2018-A. ED.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: (1) Existing law provides that school districts and county offices of education are responsible for the overall development of a comprehensive school safety plan for each of its schools, as provided. Existing law requires the schoolsite council of a school to write and develop the comprehensive school safety plan relevant to the needs and resources of that particular school. Existing law requires the schoolsite council to consult with a representative from a law enforcement agency in the writing and development of the comprehensive school safety plan. Existing law requires

the comprehensive school safety plan to contain certain things including assessing the current status of school crime committed on school campuses. Existing law authorizes a school district or county office of education to, in consultation with law enforcement officials, elect to not have its schoolsite council develop and write those portions of its comprehensive school safety plan that include tactical responses to criminal incidents, as defined, that may result in death or serious bodily injury at the schoolsite. This bill would require the schoolsite council to additionally consult with other first responder entities in the writing and development of the comprehensive school safety plan and would require the comprehensive school safety plan and any updates made to the plan to be shared with the law enforcement agency and the other first responder entities. The bill would require tactical responses to criminal incidents to include procedures related to individuals with guns on school campuses and at school-related functions. By expanding the responsibility of a school district or county offices of education with respect to the development of a comprehensive school safety plan, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Summary: Existing law classifies certain controlled substances into designated schedules. Existing law requires the Department of Justice to maintain the Controlled Substance Utilization Review and Evaluation System (CURES) for the electronic monitoring of the prescribing and dispensing of Schedule II, Schedule III, and Schedule IV controlled substances by a health care practitioner authorized to prescribe, order, administer, furnish, or dispense a Schedule II, Schedule III, or Schedule IV controlled substance. This bill would authorize the Department of Justice to enter into an agreement with an entity operating an interstate data share hub for the purposes of participating in interjurisdictional information sharing between prescription drug monitoring programs across state lines. The bill would require any agreement entered into by the Department of Justice for those purposes to ensure that all access to data within CURES complies with California law and meets the same patient privacy and data security standards employed and required for direct access of CURES.

Existing law requires a dispensing pharmacy, clinic, or other dispenser to report specified information to the Department of Justice as soon as reasonably possible, but not more than 7 days after the date a controlled substance is dispensed. This bill would add Schedule V controlled substances to the CURES database. The bill would additionally authorize the California State Board of Pharmacy, through regulation, to add additional medications to be tracked in the CURES database. The bill would require a dispensing pharmacy, clinic, or other dispenser to report the information required by the CURES database no more than one working day after a controlled substance is dispensed. The bill would change what information is required to be reported by deleting references to classification codes and adding the date of sale of the prescription.

Location: 1/22/2018-A. HEALTH

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: Existing law, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, establishes the Emergency Medical Services Authority, among other things, to establish training standards for Emergency Medical Technicians (EMT) at various levels, including EMT-I, EMT-II, and EMT-P. Existing law makes a firefighter, police officer or other law enforcement officer, EMT-I, EMT-II, EMT-P, or registered nurse who renders emergency medical services at the scene of an emergency or during an emergency air or ground ambulance transport only liable in civil damages for acts or omissions performed in a grossly negligent manner or acts or omissions not performed in good faith. Existing law exempts the public agency employer of the firefighter, police officer or other law enforcement officer, EMT-I, EMT-II, EMT-P, or registered nurse from civil liability if the employee is not liable. This bill would authorize an EMT-I, EMT-II, or EMT-P to transport a police dog, as defined, injured in the line of duty to a facility that is capable of providing veterinary medical services to the injured police dog if there is not a person requiring medical attention or medical transportation at the time the decision is made to transport the police dog. The bill would also exempt an EMT-I, EMT-II, EMT-P who provides emergency medical transportation for a police dog, or the EMT's employer, from liability for civil damages resulting from an act or omission relating to the transport of the police dog, unless the act or omission constitutes gross negligence or is performed in bad faith.

Summary: Existing law, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, establishes the Emergency Medical Services Authority, which is responsible for the coordination and integration of all state agencies concerning emergency medical services. Among other duties, the authority is required to develop planning and implementation guidelines for emergency medical services systems, provide technical assistance to existing agencies, counties, and cities for the purpose of developing the components of emergency medical services systems, and receive plans for the implementation of emergency medical services and trauma care systems from local EMS agencies. This bill would authorize a local emergency medical services agency to submit, as part of its emergency services plan, a plan to transport specified patients to a community care facility, as defined, in lieu of transportation to a general acute care hospital. The bill would make conforming changes to the definition of advanced life support to include prehospital emergency care provided before and during, transport to a community care facility, as specified. The bill would also direct the Emergency Medical Services Authority to authorize a local EMS agency to add to its scope of practice for specified emergency personnel those activities necessary for the assessment, treatment, and

transport of a patient to a community care facility. This bill contains other existing laws.

Summary: Under existing law, a judgment that a person convicted of an infraction be punished by a fine may also provide for the payment to be made within a specified time or in specified installments.

Existing law requires a court, in any case when a person appears before a traffic referee or judge of the superior court for adjudication of a violation of the Vehicle Code, upon request of the defendant, to consider the defendant's ability to pay, as specified. This bill would require the court, in any case involving an infraction filed with the court, to determine whether the defendant is indigent for purposes of determining what portion of the statutory amount of any associated fine, fee, assessment, or other financial penalties the person can afford to pay. The bill would provide that the defendant can demonstrate that he or she is indigent by providing specified information, including attesting to his or her indigent status under penalty of perjury. Because a violation thereof would be a crime, the bill would impose a state-mandated local program. This bill contains other related provisions and other existing laws.

Summary: (1) Existing law exempts from civil liability any person who, in good faith and not for compensation, renders emergency care or treatment by the use of an automated external defibrillator (AED) at the scene of an emergency, except in the case of personal injury or wrongful death that results from the gross negligence or willful or wanton misconduct of the person who renders emergency care or treatment. Existing law also exempts from civil liability a person or entity that acquires an AED for emergency use, a physician who is involved with the placement of the AED, and any person or entity responsible for the site where the AED is located if specified conditions are met, including maintenance and regular testing of the AED and having a written plan that describes the procedures to be followed in case of an emergency that may involve the use of the AED. This bill would require a public entity that operates a rail transit system or a commuter train system to ensure that each train has an automated external defibrillator (AED) as part of its safety equipment subject to specified requirements. The bill would exempt a public entity that acquires an AED for emergency care from liability for any civil damages resulting from any acts or omissions in the rendering of the emergency care by use of the AED if the public entity has complied with certain requirements. (2) By imposing new duties on local public officials, the bill would create a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to the statutory provisions noted above.

Summary: The California Emergency Services Act establishes the Office of Emergency Services in the office of the Governor and provides that the office is responsible for the state's emergency and disaster response services for natural, technological, or manmade disasters and emergencies, including activities necessary to prevent, respond to, recover from, and mitigate the effects of emergencies and disasters to people and property. This bill would specify that the Office of Emergency Services may assist county jurisdictions in developing effective public emergency warning systems.

SB 833 (McGuire D) Emergency alerts: evacuation orders: operators.

Status: 1/16/2018-Referred to Com. on G.O.

Location: 1/16/2018-S. G.O.

Desk	Policy	Fiscal	Floor	Desk	Policy	Fiscal	Floor	Conf. Conc.	Enrolled	Vetoed	Chaptered
1st House				2nd House							

Summary: The California Emergency Services Act establishes the Office of Emergency Services (OES) in the office of the Governor and provides that OES is responsible for the state's emergency and disaster response services for natural, technological, or manmade disasters and emergencies. The act also provides for systems for the public dissemination of alerts regarding missing children, attacks upon law enforcement officers, and missing persons who are 65 years of age or older, among others, and requires the Department of the California Highway Patrol to activate these systems and issue alerts upon the request of a law enforcement agency if certain conditions are met. This bill would provide for a red alert system designed to issue and coordinate alerts following an evacuation order, as specified. The bill would require the red alert system to incorporate a variety of notification resources and developing technologies that may be tailored to the circumstances and geography of the underlying evacuation, as appropriate. The bill would require a local government agency or state agency that uses the federal Wireless Emergency Alert (WEA) system to alert a specified area of an evacuation order to use the term "red alert" in the alert and notify OES of the alert. This bill contains other related provisions and other existing laws.

1st House				2nd House							

Summary: Existing law, the Emergency Medical Services System and the Prehospital Emergency Medical Care Personnel Act, governs local emergency medical services (EMS) systems. The act establishes the Emergency Medical Services Authority, which is responsible for the coordination and integration of emergency medical services. Among other duties, the authority is required to develop planning and implementation guidelines for emergency medical services systems, provide technical assistance to existing agencies, counties, and cities for the purpose of developing the components of emergency medical services systems, and receive plans for the implementation of emergency medical services and trauma care systems from local EMS agencies. This bill would declare the intent of the Legislature to enact legislation that establishes statewide guidelines for, and authorizes the implementation of, community paramedicine programs in California, as specified.
